ALL ABOUT MEMORY & STORAGE

OVERVIEW

Flash Memory Summit (FMS) is the premier industry show and the largest Solid State Storage event in North America. For more than 15 years, the industry has gathered in Santa Clara, California, the heart of Silicon Valley, to unveil new products, learn from futurists and visionaries, network with colleagues and explore evolving markets at FMS.

Building on the success of 2022, FMS23 will be expanding to an all-inclusive storage and memory summit welcoming all emerging storage and memory solutions. From 3-D flash, wearables, automotive, media and entertainment applications, flash on the memory bus, PCIs/NVMe SSDs, to the all-flash data center, FMS will have them all.

FMS attracts companies producing storage systems, subsystems, devices and components along with specialists in consumer electronics, computers, automotive, communications, test equipment, industrial and process control, and instrumentation.

And FMS has global appeal, drawing exhibitors and sponsors from around the world. As one attendee aptly stated, "Flash is a big community, and FMS is the right show."

High-level keynoters, huge exhibit hall, and a truly robust technical program are the hallmarks of the FMS experience.

Engage with the industry's ecosystem. Expand your brand visibility. Compete for awards. Grow your network. Develop new relationships. Learn about the latest technologies and product offerings. Join FMS2023.

Please take a moment to review the unique marketing and networking opportunities on the following pages. Our sales staff is available to answer your questions. Whether you're an existing sponsor or exhibitor, or thinking of participating for the first time, join us in August 2023 at the 17th Annual Flash Memory Summit!

Elevate your brand

Showcase a new product

Establish new partnerships

Launch a new company

Compete for industry awards

Get great on-site media coverage

Hold in-depth meetings with industry leaders

Discover new customers

Meet with industry analysts

Networking is a vital component of FMS that connects the Solid State Storage industry ecosystem together. Sponsors are front and center at these popular and well-attended events. Here are just a few of the networking opportunities found exclusively at FMS.

TUESDAY EVENING RECEPTION

The much-anticipated Grand Opening Reception takes place in the Summit’s vast Exhibit Hall the first evening of FMS. This is an excellent opportunity to view the latest products, see live demonstrations, and network with a broad spectrum of industry professionals — all the while enjoying great food!

“Of the three days, we had twenty customer meetings and subsequent follow-up. Excellent ROI.”

**BEER, PIZZA, AND
CHAT WITH THE EXPERTS**

This Tuesday evening networking event is our FMS signature event. It is a huge success year after year. It provides over forty informal “roundtables” for discussing a large variety of industry topics with industry experts.

FMS THEATER

The pitch party is in full swing! Sponsoring companies have the opportunity to promote their product(s) on the FMS Theater stage. Highlights include opportunity drawings, parting gifts, new products, hiring announcements, and unique ways to interact with attendees, all in the Exhibit Hall at FMS Theater.

BEST OF SHOW AWARDS

On Wednesday evening, the Best of Show Awards will be presented at FMS Theater. This is a great photo opportunity with both traditional and social media coverage. Most recipients display their awards in their booths immediately after the ceremony. FMS Best of Show Award entry is open only to sponsors and exhibitors.

FMS RAFFLE

Thursday afternoon, FMS Theater will host the 17th Annual FMS Raffle. This close-out event has great prizes and is well-attended, which of course thrills exhibitors and sponsors.

Media Opportunities

Flash Memory Summit is among the most well-attended conferences by expert advisors, analysts, and journalists.

Media opportunities begin before the conference with pre-Summit releases distributed by the FMS media team, and FMS welcomes your related press releases for website posting.

Our communications team performs media and analyst outreach to ensure they register and attend FMS. A press registration list is provided to sponsors and exhibitors periodically during pre-registration,

During the summit, an on-site press liaison team assists with media requests. The spacious FMS Press Room is available for media and analyst meetings and is staffed to help with your requests. Contact Press@flashmemorysummit.com.

"In the memory space FMS is the top conference. It's very well attended, especially at executive levels."
