Bob Thibadeau, Wave Systems

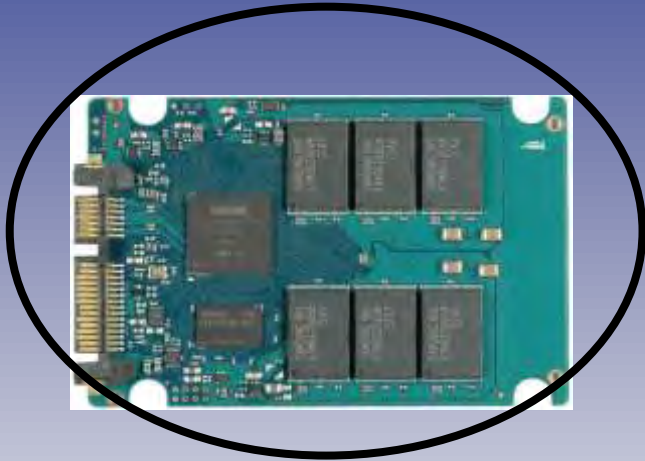

Michael Abraham, Micron Technology

Dmitry Obukhov, SandForce

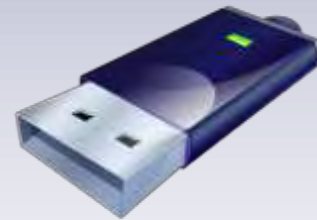

Jack Winters, Foremay

Elliot Broadwin, SanDisk

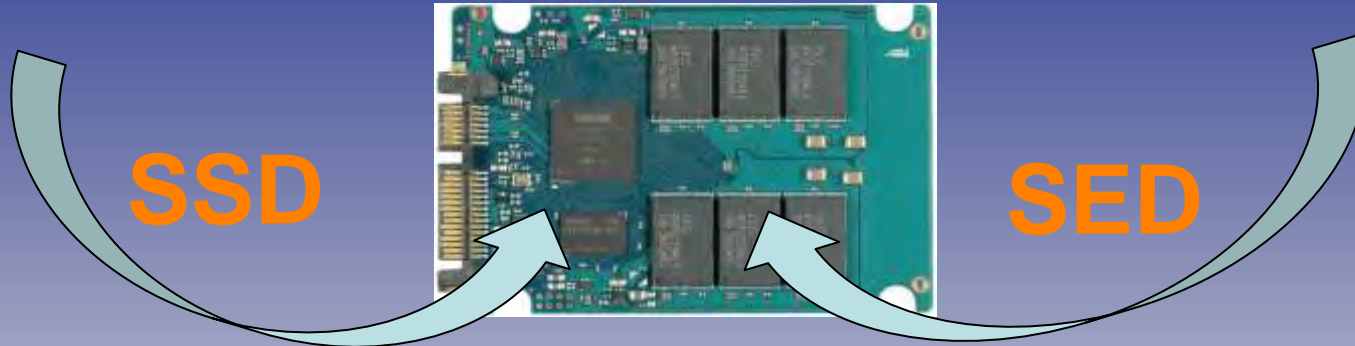

SECURE?

MY FOCUS

Solid-State Drive + Self-Encrypting Drive

SIMPLE SOLUTION

- Reduced TCO
- Increased productivity
- Better Performance
- More shock resistance
- Better reliability
- Less power use
- Cost reduction up to \$176
(per user, annually)

- Simplified Management
- Robust Security
- Compliance “Safe Harbor”
- Cut Disposal Costs

- Scalable
- Interoperable (TCG standard)
- Integrated
- Transparent

Suggested Questions to Panel

- What are the business drivers for securing flash?**
- What standards and technologies exist for securing flash?**
- What types of flash applications require security?**
